GALACTIC EDUCATION CENTER IN BRAZIL CONSTRUCTION UPDATE - GALACTIC MOON 2016

Commencement of the construction of the Brazil Education Center is now underway with a targeted opening date of Yellow Electric Warrior, Kin 16 (21 September 2016).

Work has been underway for over 4 weeks now and the frame for the first dome is nearing completion.

The plan is for three 11 meter domes; one for presentations; one for facilities that include kitchen, dining room, bathrooms and showers; and one for dormitories to sleep 40 people.

The presentation dome is the first one to be constructed and is shown here at its first stages of foundations and timber dome frame.

This will then be covered with timber and membrane and finally cemented over.

Here are the kin taking a well deserved break under the cascade.

Assistance is necessary in many forms such as materials and tools; donations; sponsorship for major elements such as the water tower, fencing, fruit trees, food and furniture.

Sponsorship is sought for:

#1 10,000 litre water tower R\$ 12,000 ... US\$ 4,000

#2 Kitchen fittings ...stove, fridge, tables, chairs

R\$ 20,000 ... US\$ 5,000

#3 Bunks for accommodation for 40 people

R\$ 10,000 US\$ 2,500
