

Thirteen Moon Peace Synchronometer Yellow Galactic Seed Year

July 26, 2013 - July 25, 2014

Prayer of the Seven Galactic Directions

From the East House of Light

May wisdom dawn in us

So we may see all things in clarity

From the North House of Night

May wisdom ripen in us

So we may know all from within

From the West House of Transformation

May wisdom be transformed into right action

So we may do what must be done

From the South House of the Eternal Sun

May right action reap the harvest

So we may enjoy the fruits of planetary being

From Above House of Heaven

Where star people and ancestors gather

May their blessings come to us now

From Below House of Earth

May the heartbeat of her crystal core

Bless us with harmonies to end all war

From the Center Galactic Source

Which is everywhere at once

May everything be known

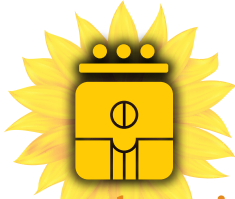

as the light of mutual love

Ah Yum Hunab Ku Evam Maya E Ma Ho!

Ah Yum Hunab Ku Evam Maya E Ma Ho!

Ah Yum Hunab Ku Evam Maya E Ma Ho!

"All Hail the Harmony of Mind and Nature!"

Yellow Galactic Seed

How to Read the Thirteen Moon Calendar

1. Gregorian calendar date. (example shown: 7/26).
2. Name of the Moon (month) (example shown: Magnetic Moon).
3. Radial Plasma, which is the day of the week (example shown: Dali, see page 15).
4. Day of the Moon.
5. Galactic Signature, a combination of Solar Seal and Galactic Tone (see page 15). From this you cast the Daily Code Spell (see page 18). The Kin number shows what day it is on the Tzolkin Harmonic Module (shown on the back of this booklet).

The *green days* () are called **Galactic Activation Portals** - days with a high flow of galactic energies.

The New Time Has Begun

A new galactic beam is now penetrating our planet. This beam contains information codes that are loaded with a new galactic knowledge base that universalizes synchronicity. **The 13 Moon/28-day calendar provides us with a master template** that enters us into this beam, opening the doorway into the vast realm of the *synchronic order*.

As we become more aware of the synchronic order, we realize that **there are multiple "times" playing out alongside our perceived day-to-day reality**. These other times are like parallel universes that play out simultaneously to our physical, third-dimensional life. They can be accessed by raising our consciousness from the third dimension into the fourth/fifth dimension. By elevating our mind into higher dimensions we are consciously contacting the invisible realm of our dreams and imagination, the space where new worlds are created, and where anything can happen and all things can happen simultaneously.

The 13 Moon calendar matrix helps us access these other dimensions by attuning our mind to the art and science of synchronicity. This is why it is also called a *synchronometer* – a measure of synchronicity. By understanding time in this way we begin to understand that time is not linear, but radial: time is the fourth dimension (going toward the fifth).

The codes of the synchronic order are both a living mathematical matrix and an entire psychomythic cosmology. They lay out a system of time magic or chronomancy: the power that brings any time – past or future – into the present. By following the daily galactic signatures and code spells/affirmations **everyone who is using the 13 Moon calendar becomes telepathically connected instantaneously**. These codes remind us of our eternal nature, a timeless state living beyond the clock.

Find your own galactic signature using the chart on page 17 and you can feel the daily, weekly and moonly patterns connecting you to the matrix of synchronicity!

Remember: Time is the frequency of synchronicity – and the 13 Moon calendar is a practical day-to-day way to activate this synchronicity and feel the new galactic beam. When we are in resonance with this beam we know exactly what, when and how to do what must be done – and in this way, moment to moment, day by day, we will transform this planet into a true work of art – a paradise to be enjoyed, beautified and explored by all!
Welcome to the New Time!

Why Use the Thirteen Moon Calendar?

A calendar is a template of time. Time is the evolution of consciousness. Daily use of the 13 Moon calendar helps us evolve our consciousness by raising our frequency out of the linear artificial time matrix, reorienting our mind toward the higher, harmonic reality of our galactic destiny.

The significance of the 13 Moon galactic time calendar does not lie in its visible surface, but rather in the fact that **it is a threshold or door, opening us to the vast web of synchronicity which underlies all manifestations.** By attuning our consciousness to this 13:28 matrix we increase incidences of synchronicity by deepening our intuitive awareness of the interconnectedness of people and events.

The 13 Moon calendar represents a harmonic timespace matrix. The standard of measure is the 28-day cycle, called a Moon because it takes the moon 28 days to orbit the Earth; it makes this orbit 13 times each year. 28 days is also the median between the 29.5-day synodic (lunar phase) cycle and the 27.1-day sidereal lunar cycle. Hence, it is a measure of Earth's solar orbit using the 28-day lunar standard.

This creates a perfect orbital measure of 13 Moons of 28 days, totaling 364 days, or 52 perfect weeks of 7 days each. Since the 365th day is no day of the moon or week at all, it is known as the "Day out of Time" – a day to celebrate peace through culture, universal forgiveness and **time is art!**

What is the Law of Time? 3D and 4D Time

The Law of Time is a universal law and principle. It states that time is the factor that synchronizes everything in the universe. In other words we all move through our lives and we sometimes experience ourselves as "having it together" and we sometimes experience ourselves as "not having it together." When we are "together" everything is synchronized; this is when we are "in synch" with the Law of Time. This is natural law.

As a purely fourth-dimensional construct, **the synchronic order can be understood as being etheric, like a dream, or a highly structured element of the imaginal realm.** This is not the same as molecular structures and dimensions of space that define the third dimension.

The third dimension is coordinated by constructs of linear time, including constructs of duration. In fourth-dimensional time, constructs of duration have meaning only insofar as they are coordinated by the harmonic codes of the synchronic order. We greatly limit our consciousness by strictly following linear constructs of time.

The traditional Julian/Gregorian calendar is an example of a construct of duration in linear time. It corresponds to the duration of the cycle of the orbit of Earth around the Sun. However, its patterns do not fully correspond to a harmonic order. This calendar has 52 weeks, a number that conforms to a harmonic frequency ($7 \times 52 = 364 = 13 \times 28$), but the order of the weeks do not conform to the number of days in each of the 12 months (months of 28, sometimes 29, 30 or 31 days).

These irregularities of shifting days of the week and days per month have long term effects on the mind once they are accepted as normal. On top of this the names of the months are irrational – September, the ninth month, means "7", October, the tenth month means "8", etc. The subconscious and conscious minds register these irregularities as "normal", and consequently the society becomes unconsciously locked into self-defeating patterns of irresolvable irregularity and irrationality.

The 13:20 frequency is a bridge to assist our emergence from the dense space of linear time to the magnificent simplicity and cosmic magic of natural time. The 13 Moon calendar is a cosmic mechanism that creates a frequency that matches the solar frequency.

The 13:28 frequency (13 Moons of 28 days) locks in perfectly with the 13:20 frequency (the 260-kin Tzolkin/galactic spin). These two cycles together create a cycle of 18,980 days, or 52 years, during which no combination of Moon date and Kin repeat. This 52-year cycle is called a solar-galactic cycle, and is the measure of Sirius B in its orbit around Sirius A. The beginning date of this calendar, 26 July, corresponds to the cycle of the heliacal rising of Sirius.

Galactic Culture and the Noosphere: You're It!

The dawning of the New Time is upon us, and Earth's next evolutionary epoch, the Noosphere, is underway – yet there is much work to be done. But this work is the highest joy! To raise the frequency of all of our sisters and brothers and together make planet Earth a better place for ALL BEINGS. Find the galactic signatures of your family and friends and please **SHARE this information**. Our official website – www.lawoftime.org – is a vast library at your disposal, with many free downloads and educational resources. **The more we learn something new the more we evolve, the more we evolve the better we make planet Earth for all!**

Day out of Time

Yellow Galactic Star
Kin 8
7/25

Every year since 1992, a principle activity of the Planet Art Network has been to organize the Day out of Time/Planetary Peace Through Culture Festival. The Day out of Time, observed annually on July 25, is a day to celebrate **Time as Art** and to share universal love and forgiveness. The Planet Art Network is a worldwide organization dedicated to the dissemination of the 13 Moon calendar and the Law of Time. Help organize an event in your community! Visit our social network galacticsspacebook.com to connect with people all around the world!

Banner of Peace

The three red spheres of the Banner of Peace represent the unity of art, science and spirituality. Red is the color of the life blood of the one human family. The red circle around the three spheres represents the cyclic nature of time.

In 1935 in Washington D.C., twenty-two nations signed the Roerich Pact created by Nicholas Roerich to declare Peace through Culture.

In 1995 the Planet Art Network - World Thirteen Moon Calendar Change Peace Movement adopted this banner as one of its official symbols.

"Where there is peace there is culture, where there is culture there is peace."

-Nicholas Roerich

Seals in the Body, Seals in the Earth

The codes of natural time are contained in our bodies and in the Earth.

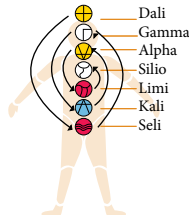

This is called the “Planet Holon” (Holon = 4th-dimensional body in time). Activate the Holon of Mother Earth daily to align yourself with Her.

Tones and Radial Plasmas in the Body

The thirteen articulations of the body contain the frequencies of nature.

The seven chakras contain the Radial Plasmas, the electrical fluids of the cosmos.

Find Your Galactic Signature

Your galactic signature is your password into fourth-dimensional time. The day you were born on the 13 Moon calendar is coded by your galactic signature. Your galactic signature is one of the 260 different possibilities in the Harmonic Module/Tzolkin (shown on the back of this booklet).

By playing the role of your galactic signature, you allow yourself – your mind, body and spirit – to vibrate to that particular frequency and you broadcast it out to everyone around you. This is your gift to the world.

To find your galactic signature, follow the instructions below:

1. What year were you born? Find the number next to the year you were born on the **Year Table**.
2. Take the Year Number you found and add it to the number next to the month you were born on the **Month Table**.
3. Now add the number of the day of the month that you were born. **Example:** If you were born on November 28, add 28. (Leap Days: If you were born on February 29 before noon local time, use February 28. If you were born after noon local time, use March 1)
4. The total you have is the *kin number* of your galactic signature! (If the number you have is greater than 260, subtract 260).
5. Look at the Tzolkin on the back of this booklet and find your kin number. This is your galactic signature. **Example:** Kin 164 is the Yellow Seed seal  and the Galactic tone  is tone 8. This is the  “Yellow Galactic Seed” or “8 Seed.”

Welcome to Timeship Earth 2013!

Casting the Code Spell

Every day has a galactic signature (or Kin), a combination of a Seal and Tone. Using the formula below, you can construct the code spell for your own galactic signature or for the daily galactic signature. There are 260 code spells in all. Meditate on the code spell, see what messages and insights you might receive.

To find the code spell/affirmation replace the **red** letters in the formula below with the corresponding words in the tables on these two pages.

I **A** in order to **B**,

C D,

I seal the **E** of **F**,

With the **G** tone of **H**,

I am guided by the power of **F** (for Guide Seal, find the Guide on page 20)

Or if the Tone is 1, 6 or 11 (Magnetic •, Rhythmic  or Spectral ) , you say:

“I am guided by my own power doubled”

On Galactic Activation Portal days, add: “I am a galactic activation portal enter me”

Guide Table

Seals	Tones					
	• —	•• —	••• —	•••• —	••••• —	•••••• —

Every Kin has a Guide Seal.

For example, let's find the guide for **Kin 164, Yellow Galactic Seed**:

 Tone 8 (Galactic)

 Seal 4 (Yellow Seed)

Use the **Guide Table** to the left to find the Guide Seal for any day. Look for the Seal of the day in the far left "Seals" column and match it with the corresponding Tone in the "Tones" columns (like a multiplication table).

Example: The horizontal Seed row below the Tone 8  shows the Star. So the Guide Seal for Yellow Seed with Tone 8 is:

Yellow Star

The guides have the same tone as the day kin.

Example:

is guided by

Yellow Galactic Seed

Yellow Galactic Star

Note: The days with Tones 1, 6 and 11 are guided by the same Seal.

Example:

Tone 11

is guided by

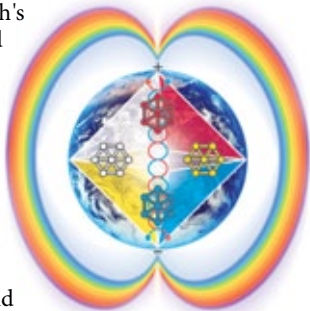

Yellow Spectral Seed

its "own power doubled"

Rainbow Bridge Meditation

Visualize yourself inside the Earth's octahedron crystal core (with two red and white sides on top, and two blue and yellow sides below). In the center of this core is an intensely blazing point of white light. An etheric column extends North and South from the blazing center to the tips of the octahedron.

Coiled around the etheric axis like two strands of DNA, are the red and blue flux tubes. In the crystal core are four time atoms. A red time atom is strung on the northern axis, and a blue one on the southern. The red time atom spins clockwise. The blue time atom spins counterclockwise. The gravitational plane of the octahedron emanates horizontally from the center point. Along this plane are two more time atoms, white and yellow in color, which turn like paddle wheelers making a counterclockwise motion around the center.

Now visualize that from the center of the crystal a great stream of multicolored plasma-filled light flows along the axis toward both of Earth's poles, shooting out from them to become two rainbow bands 180 degrees apart. As Earth revolves on its axis, this rainbow bridge remains steady and constant, unmoving.

Next take the whole vision of the rainbow bridge around the Earth and place it in your heart. Imagine the two streams of rainbow light rushing through your central column, shooting out from above your head and beneath your feet to create a rainbow bridge around your body. Now you and the rainbow bridge are one. The rainbow bridge of world peace is real. Visualized by enough people in a telepathic wave of love, the rainbow bridge will become a reality. Natural Mind Meditation

The practice for awakening natural mind is extraordinarily simple. It is the most human form and experience you can have, and anyone can do it. You just have to sit still, with spine erect, seated on a chair with feet firmly on the floor or on a cushion or pillow with legs folded over each other in lotus or half lotus posture. Your eyes should be slightly opened looking toward the floor. You may place your hands comfortably on your knees, palms down, or place your right hand on your left hand, palms up, held at the level of your navel. Feel your intrinsic dignity in this posture.

Holding the spine erect is already waking up and staying awake. Now in this position, you have nothing to do but watch your breath. Breathe normally. As you become aware of your thoughts just label them “thinking”, and as you exhale, dissolve the thoughts. It matters not the least the nature or content of the thoughts, just dissolve them. At that very moment just as the thought is dissolved, lies the “GAP” between the thoughts. It is this GAP you want to become familiar with and cultivate. It is the seed of natural mind and the key to your true, authentic self.

Practice this for at least 15 minutes per day and note the subtle shifts in your perceptions and attitudes. Mind the GAP!

Star Traveler's 13 Moon Almanac of Synchronicity

Law of Time Press • 296 pages • numerous illustrations • five pages full color • \$20

More than a calendar and daily agenda – which it is too – the *Star Traveler's 13 Moon Almanac of Synchronicity* is the perfect introduction and practical how-to regarding the workings of synchronicity. Besides being packed with useful information for navigating the synchronic order, the fourth-dimensional time where synchronicity is the norm, this essential guidebook also provides methods for improving your own telepathic awareness. This Almanac and 13 Moon calendar, coded for the Yellow Galactic Seed year, July 26, 2013 to July 25, 2014, also synchronizes the lunation cycles, Gregorian calendar and 441/Synchronotron codes. If ever there was a handbook to synchronicity, this is it!
