July 26, 2012 - July 25, 2013

Prayer of the Seven Galactic Directions

From the East House of Light
May wisdom dawn in us
So we may see all things in clarity

From the North House of Night
May wisdom ripen in us
So we may know all from within

From the West House of Transformation
May wisdom be transformed into right action
So we may do what must be done

From the South House of the Eternal Sun
May right action reap the harvest
So we may enjoy the fruits of planetary being

From Above House of Heaven
Where star people and ancestors gather
May their blessings come to us now

From Below House of Earth
May the heartbeat of her crystal core
Bless us with harmonies to end all war

From the Center Galactic Source
Which is everywhere at once
May everything be known
as the light of mutual love

How to Read the 13 Moon Calendar

1. Gregorian calendar date. (example shown: 7/26).
2. Name of the Moon (month) (example: Magnetic Moon).
3. Radial Plasma, which is the day of the week (example shown: ☉Dali, see page 15).
4. Day of the Moon.
5. Galactic Signature, a combination of Solar Seal and Galactic Tone (see page 15). From this you cast the Daily Code Spell (see page 18). The Kin number shows what day it is on the Tzolkin/Harmonic Module (shown on the back of this booklet).

The **green days** (6 ) are called **Galactic Activation Portals** - days with a high flow of galactic energies.

Synchronized Meditations (See page 23)

-  Rainbow Bridge meditation (Every ☾ Silio day)
-  Untie the Knots meditation (Every 13 days on Tone 3 ...)

Introduction

Many unprecedented events are now taking place on our Planet. Everything that occurs in our surface world is just a symptom of a collective inner shift. The system of knowledge based on the Law of Time points to the urgency of the human race to change its relationship to time; and thus to “change times.”

A new time is dawning as we transition from the 12:60 to the 13:20 timing frequency. As stewards of the Earth, it is up to each of us to assist in this transition by consciously raising our own frequency into a new vibration and a new time. This, in turn, helps raise the frequency of the Planet. We have barely begun to tap the dormant powers of our collective mind.

The 13 Moon/28-day calendar is the doorway that enters us into the vast realm of the synchronic order. Followed daily, it gives you a new lens through which to perceive events around you, and their synchronic connections. Synchronicity refers to the underlying cosmic intelligence that synchronize people, places and events into a meaningful order.

Learning the synchronic codes of time gives you an entirely new context by which to live. The daily codes and affirmations are mathematically coded fourth-dimensional radiograms that open your mind to new potentialities. Your galactic signature is your password to the fourth dimension.

In the synchronic order, the simplest level is the 20 seals, the 13 tones and the 28-day cycle. This is where we start. We can build from there and begin to feel a richness of organization of time that we have not known before.

Each day, note the daily solar seal and galactic tone. Find the guide and daily affirmation on pages 18-20. Meditate on this. Then locate the daily solar seal on the Planet Holon, and also on your finger or toe. Locate the tone of the day in one of the 13 articulations of your body (page 15). Find the daily kin number on the Tzolkin/Harmonic Module on the back of this booklet.

Note the 52 shaded squares—these are known as galactic activation portals, and represent extra high frequency days. To learn more about the synchronic codes see the *Star Traveler's 13 Moon Almanac of Synchronicity*, available at www.lawoftime.org.

Why Use the Thirteen Moon Calendar?

A calendar is a template of time. The change of the aeons has everything to do with shifting timing frequencies, and thus renewing our minds. On 21 Dec. 2012 (Rhythmic Moon Seli 9), we phase out of a 5,125-year galactic synchronization beam, also known as the “historical cycle.” This is followed by a 216-day period to prepare for entry into a new galactic beam on Galactic Synchronization: 26 July 2013, Yellow Galactic Seed. We can prepare for this changing of beams or “time shift” by raising our vibrational frequency. Daily use of the 13 Moon calendar helps us raise our frequency out of the artificial matrix of the historical cycle and reorients our mind toward a higher, harmonic reality of our galactic future.

The significance of the 13 Moon calendar does not lie in its visible surface, but rather in the fact that it is a threshold and a door that connects us to the vast web of synchronicity that underlies all manifestations. Daily use of the 13 Moon calendar increases incidences of synchronicity by deepening your intuitive awareness of the interconnectedness of people and events.

The 13 Moon/28-day calendar represents a harmonic timespace matrix. The standard of measure is the 28-day cycle, called a Moon because it takes the moon 28 days to orbit the Earth; it makes this orbit 13 times each year. 28 days is also the median between the 29.5-day synodic (new moon to new moon) and the 27.1-day sidereal cycles of the moon. Hence, it is a measure of Earth's solar orbit using the 28-day lunar standard.

This creates a perfect orbital measure of 13 Moons of 28 days, totaling 364 days, or 52 perfect weeks of 7 days each. Because the 365th day is no day of the moon or week at all, it is known as the “Day Out of Time”—a day to celebrate peace through culture, universal forgiveness and time is art!

What is the Law of Time? 3D and 4D Time

The Law of Time is a universal law and principle. It states that time is the factor that synchronizes everything in the universe. In other words we all move through our life and we sometimes experience ourselves as “having it together” and we sometimes experience ourselves as “not having it together.” When we are “together” everything is synchronized; this is when we are in “synch” with the Law of Time. This is natural law.

As a purely fourth-dimensional construct, the synchronic order can be understood as being etheric, like a dream, or a highly structured element of the imaginal realm. This is not the same as molecular structures and dimensions of space that define the third dimension.

The third dimension is coordinated by constructs of linear time, including constructs of duration. In fourth-dimensional time, constructs of duration have meaning only insofar as they are coordinated by the harmonic codes of the synchronic order. We greatly limit our consciousness by strictly following linear constructs of time.

The traditional Julian/Gregorian calendar is an example of a construct of duration in linear time. It corresponds to the duration of the cycle of the orbit of Earth around the Sun. However, its patterns do not fully correspond to a harmonic order. This calendar has 52 weeks, a number that conforms to a harmonic frequency ($7 \times 52 = 364 = 13 \times 28$), but the order of the weeks do not conform to the number of days in each of the 12 months (months of 28, sometimes 29, 30 or 31 days).

These irregularities of shifting days of the week and days per month have long term effects on the mind once they are accepted as normal. On top of this the names of the months are irrational (September, the ninth month, means “7”, October, the tenth month means “8”, etc.). The subconscious and conscious minds register these irregularities as “normal”, and consequently the society becomes unconsciously locked into self-defeating patterns of irresolvable irregularity and irrationality.

Add this calendar to the mechanical 60-minute clock and it creates an artificial timing program: 12:60 (12 months, 60 minutes). Living in artificial time disconnects us, both as a species and individually, from our true nature.

The 13:20 frequency is a bridge to assist our emergence from the dense space of linear time to the magnificent simplicity and magic of natural time. The 13 Moon/28-day calendar is a cosmic mechanism that creates a frequency which matches the solar frequency. The 13:28 frequency locks in perfectly with the 13:20 frequency to create a 52-year solar galactic loop, which is the measure of Sirius B in its orbit around Sirius A. The beginning date, 26 July, corresponds to the heliacal rising of Sirius.

Keep in mind that the 365-day matrix and the 260-day matrix are the two main programs you are tracking simultaneously. Note: The 260-kin (day) cycle correlated with the 365-day cycle of the 13 Moon calendar creates a cycle of 18,980 days or 52 years during which no two days repeat. This is called the Solar-Galactic Cycle.

MOON OUT OF TIME AND NEW CYCLE

The closing of the 5,125-year Great Cycle occurs on the ninth day of this Rhythmic Moon (or Moon Out of Time), Kin 207: Blue Crystal Hand. The following day, Kin 208, begins a 216-day cycle (22 Dec. – 25 July), which is a time of planetary spiritual unification and integration. This is the gestation period of a new evolutionary cycle when a new galactic information beam is phased in. This new intelligence beam can be thought of as an embryonic being that will germinate for seven mystic moons (Moons 7-13), before giving birth to itself on 26 July, 2013 with the Return of the People of OMA (Original Matrix Attained) and Galactic Synchronization, the launching of Timeship Earth 2013. These seven moons occur altogether within the 216-day cycle of the cubing of the Earth. Day Out of Time

Blue Resonant Night

Every year since 1992, a principle activity of the Planet Art Network has been to organize the Day Out of Time/Planetary Peace Through Culture Festival. The Day Out of Time, observed annually on July 25, is a day to celebrate Time as Art and to share universal love and forgiveness. The Planet Art Network is a worldwide organization dedicated to the dissemination of the 13 Moon calendar and the Law of Time. Help organize an event in your community! Visit www.planetartnetwork.info to find a Planet Art Network in your area.

Banner of Peace

The three red spheres of the Banner of Peace represent the unity of art, science and spirituality. Red is the color of the life blood of the one human family. The red circle around the three spheres represents the cyclic nature of time.

In 1935 in Washington D.C., twenty-two nations signed the Roerich Pact created by Nicholas Roerich to declare Peace through Culture.

In 1995 the Planet Art Network - World Thirteen Moon Calendar Change Peace Movement adopted this banner as one of its official symbols.

"Where there is peace there is culture, where there is culture there is peace."

—Nicholas Roerich

Seals in the body, Seals in the Earth

The codes of natural time are contained in our bodies and in the Earth.

This is called the “Planet Holon” (Holon = 4th-dimensional body in time). Activate the Holon of Mother Earth daily to align yourself with Her.

Tones and Radial Plasmas in the Body

The thirteen articulations of the body contain the frequencies of nature.

The seven chakras contain the Radial Plasmas, the electrical fluids of the cosmos.

Find Your Galactic Signature

The day you were born on the 13 Moon calendar is coded by your galactic signature: **your password into fourth-dimensional time**. Your galactic signature is one of the 260 different possibilities in the Harmonic Module/Tzolkin (shown on the back of this booklet).

By playing the role of your galactic signature, you allow yourself—your mind, body and spirit—to vibrate to that particular frequency and you broadcast it out to everyone around you. This is your gift to the world.

To find your galactic signature, follow the instructions below:

1. What year were you born? Find the number next to the year you were born on the **Year Tablet**.
2. Take the Year Number you found and add it to the number next to the month you were born on the **Month Tablet**.
3. Now add the number of the day of the month that you were born. Example: If you were born on November 28, add 28. (Leap Days: If you were born on February 29 before noon local time, use February 28. If you were born after noon local time, use March 1)
4. The total you have is the kin number of your **galactic signature!** (If the number you have is greater than 260 you need to subtract 260).
5. Look at the Tzolkin on the back of this booklet, find your kin number, this is your galactic signature. Example: Kin 59 is the Blue Storm Seal and the Resonant tone (tone 7)
6. The Galactic Signature is always read: “Color, Tone, Seal” or “Tone Number, Seal” i.e. “Blue Resonant Storm” or “7 Storm.”
7. Now you can go to page 18 to cast your **code spell!**

Casting the Code Spell

Every day has a galactic signature (or Kin), a combination of a Seal and Tone. Using the formula below, you can construct the code spell for your own galactic signature or for the daily galactic signature. There are 260 code spells in all. Meditate on the code spell, see what messages and insights you might receive. To find the code spell replace the red letters in the formula below with the corresponding key words in the tables. *Note: For the fifth line of the code spell, use the key word corresponding to the **Guide Seal**. Find the Guide on page 20.*

I **A** in order to **B**,

C D,

I seal the **E** of **F**,

With the **G** tone of **H**,

I am guided by the power of **F** (for Guide Seal, find the Guide on page 20)

(Or if the tone is 1, 6 or 11: "I am guided by my own power doubled")

On Galactic Activation Portal days, add the phrase: "I am a galactic activation portal enter me"

Every Kin has a Guide Seal.

For example, let's find the guide for Kin 59, Blue Resonant Storm:

 Tone 7 (Resonant)

 Seal 19 (Blue Storm)

- Match the **Seal** and **Tone** of the day. Look for the Seal of the day in the far left "Seals" column of the **Guide Tablet** and match it with the corresponding Tone in the "Tones" columns.

Example: The horizontal Storm row below the Tone 7  shows the Monkey. So the Guide Seal for Blue Storm with Tone 7 is:

Blue Monkey

The guides have the same tone as the day kin.

Example:

is guided by

Blue Resonant Storm

Blue Resonant Monkey

Note: The days with Tones 1, 6 and 11 are guided by the same Seal.

Example:

is guided by

Blue Spectral Monkey

its "own power doubled"

Rainbow Bridge Meditation

Visualize yourself inside the Earth's octahedron crystal core (with two red and white sides on top, and two blue and yellow sides below). In the center of this core is an intensely blazing point of white light. An etheric column extends North and South from the blazing center to the tips of the octahedron.

Coiled around the etheric axis like two strands of DNA, are the red and blue flux tubes. In the crystal core are four time atoms. A red time atom is strung on the northern axis, and a blue one on the southern. The gravitational plane of the octahedron emanates horizontally from the center point. Along this plane are two more time atoms, a white and a yellow one, which turn like paddle wheelers making a counterclockwise motion around the center.

Now visualize that from the center of the crystal a great stream of multicolored plasma-filled light flows along the axis toward both of Earth's poles, shooting out from them to become two rainbow bands 180 degrees apart. As Earth revolves on its axis, this rainbow bridge remains steady and constant, unmoving.

Next take the whole vision of the rainbow bridge around the Earth and place it in your heart. Imagine the two streams of rainbow light rushing through your central column, shooting out from above your head and beneath your feet to create a rainbow bridge around your body. Now you and the rainbow bridge are one. The rainbow bridge of world peace is real. Visualized by enough people in a telepathic wave of love, the rainbow bridge will become a reality.

Natural Mind Meditation

The practice for awakening natural mind is extraordinarily simple. It is the most human form and experience you can have, and anyone can do it. You just have to sit still, with spine erect, seated on a chair with feet firmly on the floor or on a cushion or pillow with legs folded over each other in lotus or half lotus posture. Your eyes should be slightly opened looking toward the floor. You may place your hands comfortably on your knees, palms down, or place your right hand on your left hand, palms up, held at the level of your navel. Feel your intrinsic dignity in this posture.

Holding the spine erect is already waking up and staying awake. Now in this position, you have nothing to do but watch your breath. Breathe normally. As you become aware of your thoughts just label them “thinking”, and as you exhale, dissolve the thoughts. It matters not the least the nature or content of the thoughts, just dissolve them. At that very moment just as the thought is dissolved, lies the “GAP” between the thoughts. It is this GAP you want to become familiar with and cultivate. It is the seed of natural mind and the key to your true, authentic self.

Practice this for at least 15 minutes per day and note the subtle shifts in your perceptions and attitudes. Mind the GAP!

Star Traveler's 13 Moon Almanac of Synchronicity

More than a calendar and daily agenda—which it is too—the *Star Traveler's 13 Moon Almanac of Synchronicity* is the perfect introduction and practical how-to regarding the workings of synchronicity. Besides being packed with useful information for navigating the synchronic order, the fourth-dimensional time where synchronicity is the norm, this essential guidebook also provides many useful examples of synchronicity, synchronic events and methods for improving your own telepathic awareness. This Almanac and 13 Moon calendar, coded for the Blue Resonant Storm year, July 26, 2012 – July 25, 2013, also synchronizes the lunation cycles, Gregorian calendar, and Mayan Long Count. If ever there was a handbook to synchronicity, this is it! **Available at lawoftime.org/synchronicity.**

GALACTIC SYNCHRONIZATION

If 144 million humans, by 12/21/2012, are engaged in a common meditation on a daily basis, humanity will experience a spiritual mastery greater in cumulative effect than all the atomic bombs in the world!
