—Barbara Marx Hubbard, best-selling author, and leader of Conscious Evolution

José has played a very, very important part in humanity in reintroducing and reminding us as a human species of the sacred teachings—the galactic teachings—the teachings of our ancestors.

—Flordemayo, Mayan healer, storyteller and member of the International Council of Thirteen Indigenous Grandmothers

Ashland, Oregon—*As a visionary I have nothing to go on but mystic signs, José Argüelles.*

One time is ending, but another is just beginning, an entirely new era in the history of the Earth: the noosphere. This is the message of José Argüelles. In this authorized *Biography*, Stephanie South leads the reader into the world of one of the most unique visionaries in history, exploring the nature of time, telepathy, Earth changes, prophecy, synchronicity and awakening the Earth to a new time.

South's previous book, *2012: Biography of a Time Traveler, the Journey of José Argüelles* reveals this visionary in his formative years. *Time, Synchronicity and Calendar Change* opens into the complete range of his life's work to present with many implication for the future of our planet.

A prolific author and founder of the Foundation for the Law of Time, which promotes peace through culture and art, Argüelles was the first to introduce the date December 21, 2012 into the mass consciousness with his best-selling book, *The Mayan Factor*. After a lifelong study of the ancient Mayan prophecies and more than 18 years of Tibetan Buddhist meditation practice, Argüelles realized that he was the recipient of a "galactic Mayan mind transmission" which eventually revealed the discovery of the Telektonon Prophecy of Pacal Votan. The purpose of this transmission stream was to help prepare and stabilize human consciousness for a magnetic shift in 2012-2013. Argüelles travelled the world several times over to deliver this prophecy to a diverse range of people from Russian scientists, to the Vatican, to the Hopi nation, the Rainbow Nation and the Nation of Islam.

Time, Synchronicity and Calendar Change offers startling and timely messages about the future of our world and the potential of humanity on a planet rapidly shifting gears—from the biosphere to the noosphere.

Just as the final chapter was being written, José shifted dimensions on March 23, 2011, just 12 days after the Japanese tsunami. The Afterword contains the uncanny synchronicities that surrounded his passing as well as many of his final journal entries and reflections during his final three days on earth.
