

ANTARCTICA MISSION

I want to share with you the incredible amount of energy I have received from a trip I had been waiting for over 30 years since I live in this country south of the Sun. All these years, I dreamed of going to Punta Arenas, a place that embraced a large colony of Dalmatian emigrants of our former Yugoslavia between the two world wars. I was inexplicably drawn to the southernmost point not only of Chile but of the whole planet, and the only thing I sensed was that I couldn't go there as an ordinary tourist. And that's how it was.

My loving friend Giannina, born in Punta Arenas, initiated the trip. She wanted me to help her scatter the ashes of her English mother in the Strait of Magellan, but at that time, I couldn't travel. Nevertheless, her wish remained: to accompany her to follow the paths of her past together and somehow close one life story to make room for a new one. The trip finally happened after almost a year.

Somehow, at the same time, another magical woman receives information to carry out a special mission in the same part of the world: Biljana Quaan, kin 79, a teacher of consciousness technologies from Balkans who lives in New Zealand. Synchronic order connects us, and she joins us along with another countryman, light worker Mirjana Sovilj, kin 159.

On the day of the Roerich Pact and the Banner of Peace*, I welcomed the one

*On April 15, 1935, the Roerich Pact was signed by the United States and Latin American nations, agreeing that "historic monuments, museums, scientific, artistic, educational and cultural institutions" should be protected both in times of peace and war, and identified by their flying a distinctive flag, the Banner of Peace.

coming from the direction of the Pacific and the other from the Atlantic Ocean, so three "Balkan Storms" gathered at the same point: at the END, or maybe the BEGINNING of the WORLD. Together, the three of us, Red Resonant Earth, a clear

sign on the tomb of Pakal Votan vibrating “navigation in order to evolve”. The command was taken over by the synchronic order and codes of the Divine Mother God that have guided Biljana since she was 12 years old.

Let's remember that this part of the world, together with Antarctica is now the source of the planet's Kundalini energy, shifted from the Himalayas where it stayed for 13.000 years. However, Biljana brings us more (un)believable information that this is the location where the original codes of our existence are!!! She receives the knowledge that Antarctica was home of the first civilization which separated from the divine and carries not only the codes of the first separation, but also the closest unity with the Source. The melting ice allows these codes to spread throughout the planet via universal waters, across the Antarctic and Pacific Oceans that merge in the Strait of Magellan, where the city of Punta Arenas is located. So, melting of waters is divinely orchestrated wonderful event, which is going to revive our memory, our original matrix.

Punta-point, Arenas-sand full of quartz. I received one more interpretation: point (punta) towards (a) renaissance, rebirth (renas/renacimiento).

Patagonian steppes

On a bright sunny day, Silio 14, Planetary Storm (psi bank Cosmic Eagle, the second lost and found generation—for those who follow the synchronic order), we head to the great island of Tierra del Fuego (Land of Fire) carrying a yellow liquid crystal brought by Biljana. We traversed the vast Patagonian steppes toward

Porvenir, a town from which we will return by ferry to Punta Arenas. The crystal is also named Porvenir (future in Spanish). In the car, five light-filled women vibrate with the energy of Yellow Solar Sun towards a bright, golden future—the Golden Age.

In the plazas of Porvenir, where we suddenly find ourselves completely alone, we conduct a cleansing ceremony for the pain of the genocide of the Selknam people who lived on Tierra del Fuego but were entirely and consciously exterminated by colonizers, "civilized" Christians, including ancestors from my own country. David, kin 32 was healing children on the top of the figure with mother and child. Nobody could get him down. We had to surround him becoming the center of the ceremony.

Selk'nam or Ona people wiped off the face of the Earth

In another square shaped like an eight-pointed star, just like the Arkhaim Star that Biljana received as one of the healing codes of Reiki 888, we place its powerful vibration. There on an altar where Mirjana placed bottles of water from various parts of the Balkans, Biljana placed Arkhaim Star, and three liquid crystals in yellow, blue, and red colors, each with its specific meaning, a four-dimensional map of the planet Earth's bioregions was also found where we all synchronically discovered that Blue Storm encodes Antarctica, along with the White Wizard (Analaura Stančić, our guide of Balkan origin, kin 234, this year White Resonant Wizard which encodes the whole year), Red Moon (official translator Giannina, kin 69), and Yellow Seed. Portal family on the root chakra. Altogether, the ten of us were Blue Cosmic Hand: Cosmic Healers!

During our stay, most of us were accommodated in the family home of our hospitable host Doris, kin 253, a Magellan born in Punta Arenas who is initiating building of tachyon energy chamber in her hometown. There was a true atmosphere of planetary kinship: an atmosphere of togetherness, helping, sharing, perfect organization, and good cheer. Alejandra was in charge of recording special moments and of the smiles, which were reflected immediately on our faces.

As I write this, precisely at 13:20h, my guide reports from the Perito Moreno glacier in Argentina that she is with Biljana and Mirjana. A week ago, on the same tour, Mariana saw my Hunab Ku pendant on the bus. She approached me to tell me she has a tattoo in that shape, but she didn't know much about it except that it represents some kind of balance. You can imagine the flood of Law of Time information that instantly befell her.

In front of the Magdalena Island

Island Magdalena

The “icing on the cake” of our journey was the descent to the Straits of Magellan (Magellan - magnetic lines) the symbol of Mary Magdalene and 10 golden magnets we held in our cold hands, in front of Magdalena Island (Magdalena—magnetic field). Biljana was guided by the powerful realization that this is the main switch for the magnetic field of the New Earth that needed to be activated. Thus, the Cosmic Hand Mission was accomplished.

The last day of our group, that began with the Magdalena Mission was marked by strong and cold winds (those winds don't have much impact on the Magellan's

people since the winds are so strong there that ropes are often set up in the town for people to hold onto, especially children, so they don't fly away). After the wonderful ceremony we warmed up around an old stove, where we were welcomed by hot vegetable soup and gibanica (specialty from Balkans), ending the day with a beautiful cacao ceremony. Enith, kin 66, an Ecuadorian, a doctor of Western and Chinese medicine and homeopathy, but above all, a born shaman whose instrument is cacao. Interestingly, it was recently discovered that in Ecuador, its origin dates back more than 5,600 years.

The ceremony concluded with the exchange of mutual gifts, among which the most fascinating were the ones made of plasticine from her eight-year-old son David, who gave us liquid crystals, penguins, Magdalene's symbol carved into a ceramic plaque, golden magnets (all the symbols that were part of the afternoon ceremony on the shore of the strait, during which he ran around seemingly immersed in his own world).

Biljana forever connected us with New Zealand by gifting us jewelry made of mother-of-pearl shells, which are their national treasure, and with a magical lecture in a beautiful old hall of the Spanish Society, where we learned that New Zealand is the link between the tip of South America and Antarctica (the island of New Zealand, which at some point in the distant past separated, fits exactly into that gap).

We have also heard various legends about the role of Albatross and his symbol in this moment of unifying arc between North and South Pole: **Arctic** and **Antarctic**.

From this unforgettable journey, we all returned forever marked by Biljana's session of group energetic healing by the vibration of her light language and these incredibly magical landscapes, vegetation, and animals of the territory where we discovered the beginning of the New Earth. It was a journey of connecting with our roots, our source, but at the same time, our future.

With all my love,

In Lak'ech
