

## Message from the Bosnian Pyramids

By Jelena Damjanovic, Kin 117

Our journey to the Bosnian Pyramids is something we will all remember for a lifetime.

Our journey was initiated by Marija, Yellow Galactic Sun (signature of Pacal Votan), the secretary of the *Serbian Association of Homeopaths*. She came up with the idea of us visiting this place and giving proper lectures during that time.

"Why not? It will be a wonderful experience for each of us," she said. Indeed, it was!

We experienced the synchronic order from the first moment we connected as a group.

Four members of this group were my students to whom I have passed on this knowledge of the synchronic order and who have continued to apply and spread it. We had five clear signs of Pacal Votan among us. Our combined galactic signatures were **kin 144!**

How marvelous is that?!

My lecture was on "Synchronicity as a Norm of Our Life." It was on June 21st, 2024, the summer solstice at Ravne Park, within the Pyramid of the Sun in Visoko.

Unfortunately, I didn't keep a diary of daily events because I was under strong impressions every day. It was an intense flow of energy from morning to night — so strong that I couldn't sleep a single night.

I do not know if any of you have been to this locality. Apart from the strong energies felt at almost every point of this place, the most fascinating thing you can experience here is how easily you can slide into the Present Moment.

At the beginning of the lecture, friends, colleagues, and homeopaths from our group were the only ones present. As time went on, others began to arrive, and eventually, everyone else came at the very end of the lecture. When I finished, they were looking at me, waiting for me to continue. When I said *'thank you for your time'*, people who arrived at the end started with comments about **time**.

Everybody was speaking out loud, trying to make their excuse for being late. A woman from Spain said, "I wasn't late, I arrived just on time."

A man from Turkey said "Time doesn't exist." They kept talking about time for some time until one Irishman said, "We all know that time is not linear; we arrived at the right time for a lecture."

Then it became clear that the White Wizard had taken over and arrived just in time. My heart told me to start the lecture from the beginning! And so I did.

There was one question in the audience that I would like to mention here. The question was: ***“Since I’m a medical doctor and a homeopath, how do I use this knowledge of synchronic order in my work?”***

I will share some of my thoughts in answering this question in light of my experience as a homeopath and synchronic practitioner:

First, *we know that reality is not a random event. Everything is connected and has a meaning. If we are present, then, at that moment, we will notice that meaning and its connection.*

I have the opportunity to notice that particular moment when patients come to their first consultation. Using this knowledge, I can calculate and see that it's a moment of their purpose and learning process in which they become aware of it.

Furthermore, *homeopathy helps us align with our inner being. Homeopathic remedies are selected based on the totality of the patient's symptoms, which already exist in nature and create a resonance between the chosen remedy and the inner being.*

From this perspective, we can see more clearly how homeopathic remedies and the subsequent healing process create harmony within. We need this harmony to notice and understand what is happening to us and derive meaning from it.

After the lecture, we went for lunch to a nearby restaurant, where they had excellent homemade food served by a waiter (Blue Lunar Monkey) whose mantra we have always remembered: *“Hey folks, I’m light and easy. With me, everything is easy.”* He really moves, talks, and serves with such ease that it is a pleasure to watch him.

When we arrived, it was around 1 p.m. (from 13:00 to 13:20). The waiter came and told us, *“Sorry, folks, we only serve salads today. The power went out half an hour ago. The entire region of Herzegovina, Dalmatia, and Montenegro has been cut off, and nobody knows when the electricity will come.”*

Marija, my friend and colleague sitting next to me, pats me on the shoulder and whispers: *“Wow, do you realize what you have done? You turned the power off!!! Wow!”*

I looked at her, amazed and silent for a few moments. Wow! Really?! Yes, indeed! Then I said to her: *“Look how we, as a group (Yellow Magnetic Seed) today on the kin Yellow Planetary Seed, set the norm for a new program (Yellow seed) for the planet (in this region, to begin with) with the purpose of using our minds to create a new vision (Blue Eagle Wavespell)!”*

I'm writing this report on the hidden power of the day, Yellow Self-existing Seed, the kin of Dr Semir Osmanagich, discoverer of the Bosnian pyramids. In the Psi bank it is Red Spectral Serpent, one of the 13 Clear Signs of Pacal Votan.

This was also the kin on the 22nd of June 2024, when my friend and colleague Gordana (Yellow Resonant Warrior, another Pacal Votan clear sign) gave a lecture on the evolution of homeopathic healing— "From the Male Impulse to the Female Creativity. "

I wish to take a moment to express my immense gratitude to all my teachers, especially Ana Kin 62, Radmila Kin 198, and Mira Kin 112, who introduced me to synchronic order.

We must never forget to truly appreciate Valum Votan for his unwavering commitment to this mission, along with Stephanie South, who has continued his work, and Katarina (kin 79), whose power and potential to make a change continually inspire me.

We all make an infinitely well-connected network that is activated every time we are present.

***Remember, things happen to us at the right time when we need them most, and if we're not there, we will miss them.***

Healing light to you all,

Jelena Damjanovic, Kin 117
