

## **Storm on the Sun Synchronic Report by Tej, Kin 56**

An experimental understanding of time — A probing of the 6 Storm year synchronicities.

Before I share some of my synchronic findings, I will give a few words from the view of a long-time synchronic code practitioner in hopes to inspire your own decoding!

When we follow our instincts into a decode, it's like entering a lovely short-term relationship with long-lasting effects. It inspires you every step of the way, then blows your mind at the end with the final revelation. *Which, in this case is the Storm on the Sun article which is noted at the end.*

One thing leads to another. When decoding, where does it end? I have learned to love the length and time invested, because the returns come back triple fold in The Great Mystery.

The inquiry seems to arise instinctively, and comes in pure moments of mental freedom. It's like a scent of what "Telepathy" feels like when you divinely engage with it. The trails of inner inquiry are endless, and frequently leads back to a connection that was of interest days before. It is like the information finds its way back into your psyche, driven by your initial curiosity.

*Become a willing participant in the mystery of the decode.*

*Number was the first philosophy, and we realize that "Time is Art",  
Never stop decoding, because this is where it starts.  
Let the numbers and kin speak to you and inform your ever hungry mind;  
They'll show you exactly what you're looking for, and no longer are you blind!*

One thing always leads to another if you stay with it, become the interdimensional investigator who sleuths out spontaneously, and from there you'll fast track your way back on the Zuvuya circuit.

If you do nothing else, keep decoding everything that pops out and pings, there's such gold there. In this case, curiosity is KING/QUEEN. Let your Imaginal Realms run wild several times a day, and you'll never run short on things to decode.

### **The Synchronicities: Storm on the Sun**

The day after the FLT Zoom transmission from Stephanie/RQ on Yellow Magnetic Sun (Clear sign), an internal bell struck, prompting me to revisit my notes from previous days' transmissions.

What stood out, circled and highlighted, was the reference to the 9-11 event she had brought up in discussing how the Gregorian calendar runs in 28-year cycles (see Time and the Technosphere by Jose Arguelles).

This means that 2029 will be 28 years from 2001, which concludes the [9-year vision map](#) in the Blue Planetary Storm year.

Below are the decodings from the Magnetic Wizard (7-21-24) and Lunar Eagle days (7-22-24).

The synchronicities are connected to the upcoming Chinese Wood Snake year, which begins on January 25, 2025 (Kin 202) and ends on February 16, 2026 (Kin 69).

$$202 + 69 = 271 / 271 - 260 = 11.$$

Of course this made me want to decode this upcoming Chinese Snake year.

The Chinese calendaric system works in 12 year cycles, with each year being represented by an element and an animal, and its archetypal attributes. (Hence this coming February will begin another Snake year after the prior ones that have occurred in **2013, 2001, 1989, 1977** and so on.

Initially, this decode started (Magnetic Wizard day) and was a deep dive into what this upcoming Chinese Snake year would have in store, and how that coincides in history with the **Blue 6 Storm year (2024-2025)**.

The first synchronicity that stood out to me was the infamous **9-11-01** event, which took place during the 2001 Snake year, on a **4 Monkey** day in the **Yellow Solar Seed** year. Interestingly (Yellow Solar Seed happens to be my exact 260 kin partner).

The second synchronicity came from the 1977 Snake year, marked by the New York City blackout on July 13, 1977, which occurred on my seventh solar return. This day was cosmically encoded by Kin 11, within the **Blue Planetary Storm year**.

I was intrigued, to say the least, for the fact that I'd come into contact with many folks

who have brought up the memory of the 1977 New York City blackout into my field, yet I hadn't fully decoded its significance until now.

Another event that jumped out to me from the **1977 Snake year was the earthquake in Romania and the Balkans**, which killed thousands on **March 4, 1977 (Yellow Planetary Sun, Kin 140)**, the final kin in the mystic column (at the center of the 260-day Tzolkin).

This earthquake was the second most powerful recorded in Romania in the 20th century, following the seismic event of November 10, 1940 (White Electric Worldbringer, Kin 146).

I noticed that the two above events were six kin apart and, when combined, equal 13 Dragon—a reminder of the Dragon Genesis. Also worth a mention that 1940 was a Chinese Dragon year, which adds another layer of synchronicity.

In that Snake year of 1977, there were numerous earthquakes and cyclones to track. The Trans-American Pipeline was created, and the Apple company was incorporated, marking the beginning of the strange reign tied to the distorted Maldekian Eve story. And I must mention that New York is called the BIG Apple - hinting back to the first two stories above.

During this time, **NASA launched Voyager 1 on August 20, 1977, on 10 Moon in the Sun Wavespell**. Sixteen days later, Voyager II was launched on September 5, 1977, (White Cosmic Dog - Kin 130), the last day of the Mirror Wave in the center of the mystic column.

These NASA dates led me to reflect once again on the Moon Genesis and sparked a daydream about the connection between the Dog and the Moon, both connected to Mercury and its proximity to the Sun's codes during solar flare-ups.

I imagined the Red Moon's telepathic wave network sending out its tele-feelers, connecting with the loving heart of the devoted Dog. Together, they formed a magical sequence of in-breath and out-breath, creating the deepest, most heart-centered telepathic connection imaginable.

I then mixed the Sun Wave with the Mirror Wave for these two historic Nasa launches. I saw this as an amplification of our Solar life force and its origin points, where, regardless of the truths behind the launching and space probing, these events would eventually reveal pivotal points in our cosmic history through the reflective power of the Mirror.

On the evening of July 25, I shared this intel with my time-traveling neighbor, Seraphim, the creator of **Space Station Plaza** (<https://spacestationplaza.com/>).

I felt such relief to deliver this decoding to someone who, like me, had been tracking these codes and patterns for decades.

.....

“The Deeper the dive the more finite the light above becomes.”

This was just the starting point of a mental arousal that was far from complete. I was guided to go back 52 years to the previous Blue Rhythmic Storm year in 1972.

*I transmit what the Eagle receives from the Sky - I fearlessly explore through the Skywalker, and share my sky offerings to big daddy Caban to navigate this Interdimensional Ark.*

*What form will my service take?*

This decode was soft launched on Magnetic Wizard (Internalizing wisdom) when, in a flash, I opened the *Book of Transcendence* PDF, landing on page 166. It was there that I was reminded that the Magnetic poles are located in geomancy at both the beginning and the end of the Blue Sky Clan.

This felt significant. I thought to create a specific group with the Sky Clan tribes, doing internalized focal work with the poles stabilization from Eagle to Storm. Like an Eagle think tank, where bubbling Sky Clan imagery, signs and clues could tantalize the fulfillment stage of the Higher Mind.

**Sidetone: Found this quite interesting also.**

Written in the FLT Lunar Moon Noosletter ...

*Study these dates and what occurred and find the synchronic simultaneity of each of these sets of three, 28-day intervals. Look for patterns. If the date is in the future, project yourself there.*

2021 = **1993** - 1965  
2022 = **1994** - 1966  
2023 = **1995** - 1967  
2024 = **1996** - 1968  
2025 = **1997** - 1969  
2026 = **1998** - 1970  
2027 = **1999** - 1971

When looking at my 1970 birth year, what stuck out immediately was that the coded years were **2026 - 1998 -1970**, and immediately recognized that my Saturn return was in 1998.

I wondered if these dates could be looked at as Saturn (Lord of TIME) cycles as well. Although Saturn Returns vary for each individual, typically occurring between the ages of 27 and 29, they generally repeat every 28 to 29 years, depending on retrogrades.

.....

Ok, now time-tracking back to the last Kin 19 “**Blue Rhythmic Storm**” year which began on **July 26, 1972**. Decoded on (8-17-2024 - Red Lunar Dragon) —while sitting on my front porch for four hours.

These significant events caught my attention:

**December 7, 1972 (Red Planetary Skywalker day in the Blue Rhythmic Storm year):** The Apollo mission took the first-ever photograph of Earth, famously known as the “Blue Marble.”

**September 6, 1972 (Red Galactic Dragon):** Israeli athletes were killed in a terrorist attack at the Summer Olympics, an event known as the “Munich Massacre.”

**November 7, 1972 (Blue Rhythmic Night):** 1972 U.S. Presidential Election: Nixon won the presidential election with 60% of the vote. Meanwhile, the Watergate scandal was unfolding, which began in June 1972 and continued until August 9, 1974 (Blue Solar Night), when Nixon resigned.

**June 19, 1972 (White Galactic Wind):** Hurricane Agnes struck Florida, wreaking havoc along much of the eastern seaboard.

**December 23, 1972 (Red Cosmic Moon):** An earthquake leveled Managua, killing thousands.

**November 27, 1972 (Blue Cosmic Night):** In the Monkey Wavespell, leading into the Seed Wave (associated with delusion and the abuse of power), the U.S. Geological Survey released 1,500 images that were used to create the first complete map of Mars.

**November 29, 1972 (Red Lunar Serpent):** Atari released the linear game "Pong."

**September 23, 1972 (White Cosmic Mirror):** Ferdinand Marcos, the leader of the Philippines, declared martial law. Following this, many members of the population mysteriously disappeared.

I was also tracking the solar activity during these below dates in 2024 which coincided with the last Kin 19 cycle. (52 years ago)

**On Aug 4th 1972 - (Yellow Lunar Star- Hand Wavespell)** The Sun released the most powerful blast that had ever been recorded up to date. The report says that solar radiation was strong enough to cause an explosion of several naval mines in North Vietnam.

**On Aug 7th 1972 - (White Solar Mirror)- Hand Wavespell)** The most powerful solar flare ever observed on Earth, reportedly known for its "Spectrum and vertical structure."

**On Aug 8th 1972 - (Yellow Rhythmic Human - Hand Wavespell)** US Navy rules to permit women to serve on ships, and become aviators and attend Naval Academy

**On Aug 10th 1972 - (White Galactic Wizard - Hand Wavespell)** A massive meteor came within 36 miles of the Earth's atmosphere. Entering into the atmosphere over Utah, and departing a minute and half later and appearing over Canada

**On Aug 12th 1972 - (Yellow Planetary Warrior day -Hand Wavespell)** First lady of the Nation of Islam Sister Clara Muhammed dies at 72.

72-27 palindrome. Isn't the 27th day of Rajab observed as a holy night of ascension through the 7 Heavens? Gave me 19 Code vibes, still probing.

**On Aug 21st 1972 - (Red Rhythmic Serpent) - Sun Wavespell)** Time Magazine released a science story titled "Storm on the Sun" which chronicled all the Solar anomalies in the days prior. Here's the article:
