Regeneration through Imagination

Now in print for the first time THE VISIONARY WORK OF JOSÉ ARGÜELLES

Once upon a space-time vector, so it has been told, far beyond the fair Arcturian skies, in the distant galactic cloud, called by the wise, Velatropa, there was a stellar unit, Velatropa 24, which produced a planet, Velatropa 24.3 (also known as Earth). Now renown for its brilliant system of rings, transgalactic travelers often ask: “how did Velatropa 24.3 get its rings?”

Introduction

Welcome Interdimensional Shifters, Secret Dreamers and New Time Surfers to Volume One of **THE GALACTIC TIMES: AN ILLUSORY EZINE FROM OTHER WORLDS**. We received an S.O.S. signal from Planet Earth. Special emergency report. Collective morale is down. Humans need reminder that the HIGHEST DREAM IS REAL ... YOU HOLD THE KEY. IMAGINATION DOES CHANGE THE WORLD!

We understand it has been quite a dark time on your planet. We have compassion. But we are here to remind you of Wonderful things. Do not lose heart now! A NEW FREQUENCY is being emitted from the galactic center. There is no past to return to.

Knowledge of the Law of Time is galactic medicine. Administer your medicine now! Become the Mystery of the Golden Ones! Untangle the star systems and find your Galactic family!

All knowledge has been made available to your planet. All are free to step out of the time distortion box. Do not compromise what you know. Do not underestimate the power that you have been given. If you have questions, please submit them to E-Pa.

The 13 Moon calendar is a passport into a rich mythic realm where secret gates are activated through Time codes. Memories are triggered as the synchronic highway opens to reveal the magical path of a regenerated timespace. Here can be entered a new mythic realm. Allow yourself to "Be nothing" then you will understand. See our cover story of Starling Questward's journey.

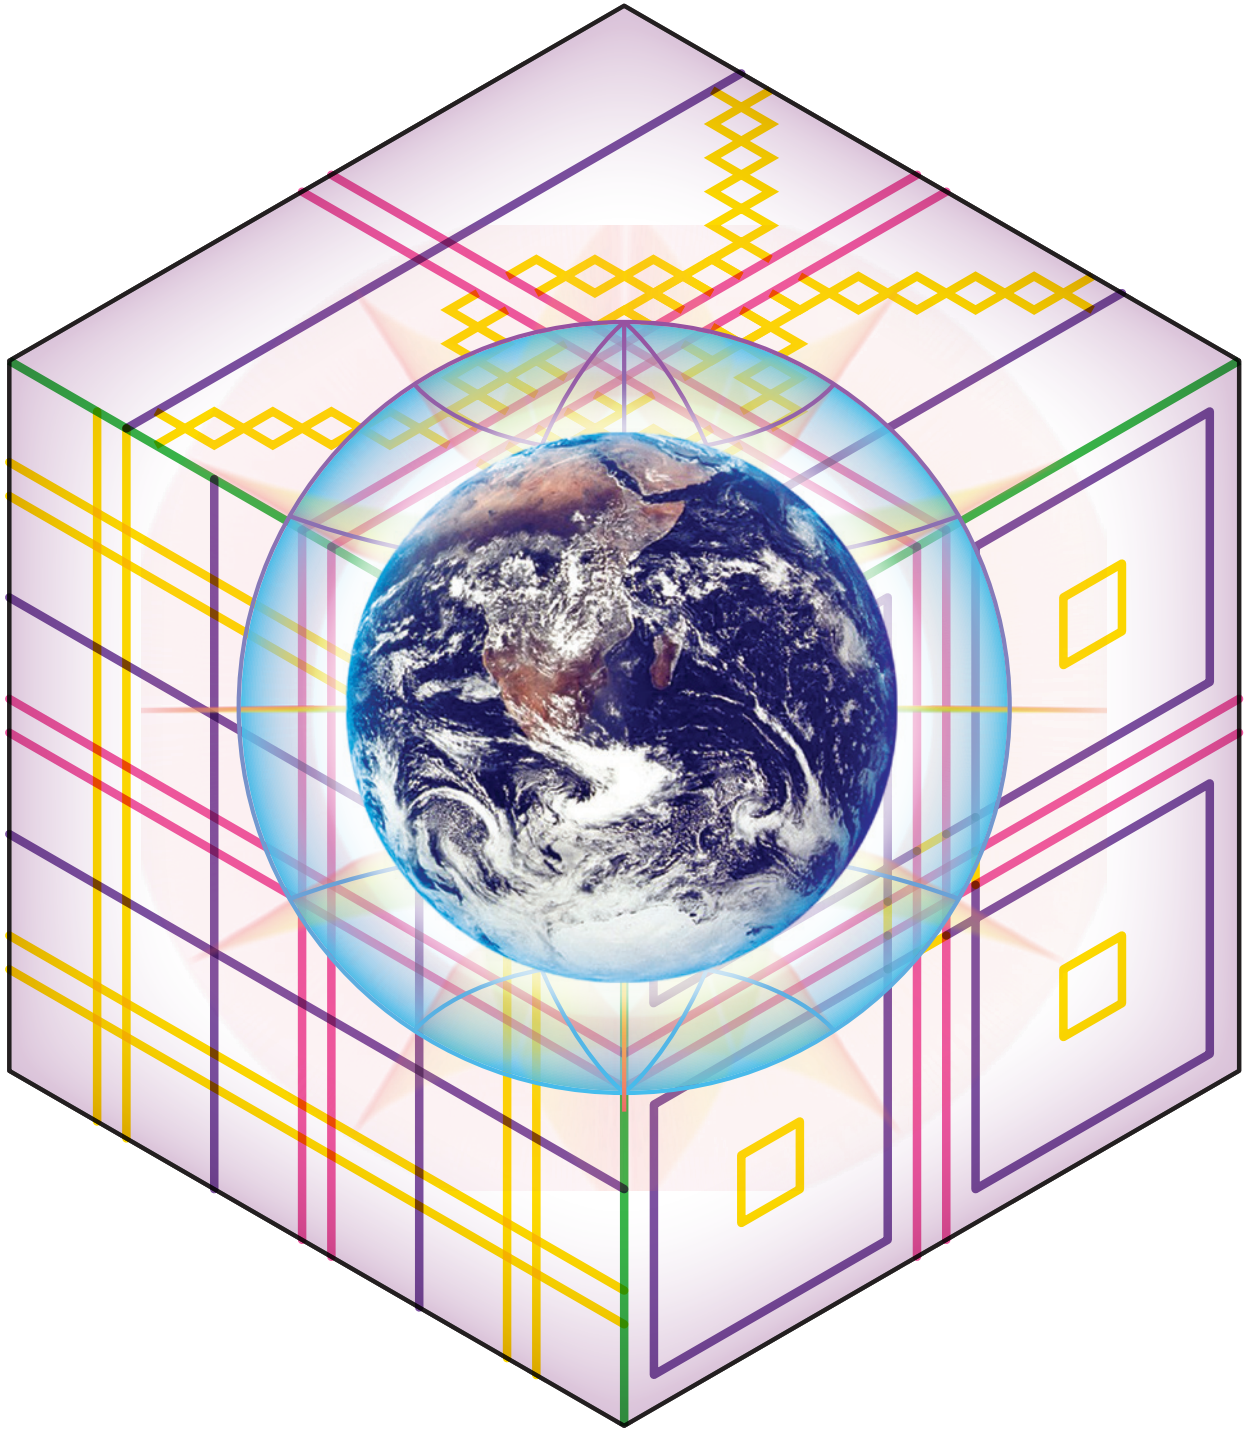

THE GALACTIC TIMES comes now as a reminder of your own power to re-imagine the world. Power is the invincible force from within that comes from following unswervingly a guiding vision. What is your vision? Because of your fluctuating amnesiac human tendencies we have given you daily practices to strengthen your memory and accelerate you toward the New Timespace.

A Bright new World awaits YOU. Saturate yourself in the New frequencies. Bathe in the light of the New Beam. Stay open to new perceptions. Activate forgotten knowledge. Repair your flux tube system, align it with the earth and vibrate into a rainbow. On the other side of the rainbow don't be surprised if you are greeted by the golden dolphin, the platinum hawk, the white-winged elephant and even the pink squirrel. Why not?

A Galactic Renaissance is at hand on your planet. Open the Churches of Imagination and sing the future hymns. What is your archetypal mythic story? What role will you play in the re-genesis of Timeship Earth?

EARTH IS A TIMESHIP PLANET HOLON

As you read these words you are traveling on a Timeship.

Planet Earth is a timespace hologram.

This timespace construct is coded into a vast cube matrix that is vibrating and pulsating mathematical structures from a radial matrix that connects everything to everything.

All of reality is a language of signs and symbols.

Everything that appears is a passing ephemeral manifestation,

and yet, it represents some different construct or value of another dimension.

By attuning your consciousness to the Earth, Sun and galactic beam, you will understand everything.

NEW GALACTIC BEAM TRANSMITS NEW FREQUENCY TO EARTH!

I AM THE SOURCE OF LIGHT SUPREME – ENIGMATIC
STOREHOUSE OF YOUR DEEPEST DREAM!

TOUCH ME WITH YOUR SOUL AND I WILL DISSOLVE
AND MAKE YOU WHOLE!

THE SYNCHRONIC CODES LEFT BY PACAL VOTAN ARE KEYS THAT
UNLOCK THE SECRET PASSAGEWAY AND ACTIVATE THE BRIDGE
THAT LEADS FROM THIS EARTH TO THE NEW EARTH.

THIS PASSAGEWAY BRINGS US INTO RELATIONSHIP WITH THE
GUIDING INTELLIGENCE OF OUR SUN, KINICH AHAU.

BUT ONLY THOSE WHO DISCOVER THEIR TRUE ESSENCE WILL
FIND THE SECRET PASSAGEWAY.

The human being merely uses its
body apparatus

to tune into the consciousness of the mind
at large

from which it derives

thoughts, words and other forms of
communication.

Consciousness is not really the property of
the human being

nor is the question of intelligence.

BOOK OF THE THRONE: COSMIC HISTORY CHRONICLES VOL. I, p. 107

Dear Earth Lady,

To bloom – forget the image of them ~
their styles, their words, their lectures
their fears, their views, their gestures

LADY: But am I not that which I see?

Lady, once again – listen~
To bloom, forget the image of them–
their image, their thoughts–
a Pandora's box!

LADY: But isn't that uncompassionate?
and what do I have as a model to go by?

Lady wild – Go Forth!
into the secret dream
that pounds through pen & type
own not the mind that runneth forth!
Listen!
Come stronger
can you hear?
unravel yourself!
the truth is so near!
of being “not them”
uninhibited!

PRESENCE OF OTHER WORLDS

Higher evolved stellar systems and other galactic orders may investigate other lesser evolved systems through various advanced forms of time travel, but may not interfere in any way with the stream of consciousness until it has evolved into the point of moment to moment self-reflective consciousness. Only mutual telepathic awareness or recognition is allowed.

I AM AZAKRE GOLDENWIRE

I bring a Reminder from Your Interdimensional Star Family.

There exist supermental civilizations, both within your home galaxy, and in parallel galaxies. We are your interdimensional family. We are constantly sending scanner beams to You.

Please open to Receive Us.

Though we speak of supermental civilizations in the plural, there is really only one super cosmic civilization. As you advance in telepathy, you will understand how space becomes the medium of unification of all minds.

Telepathy evolves a universal cosmic language—Irdin. The supermental civilizations represent a relative advance of intelligence in relationship to lesser evolved states contained in the Kar Dual galaxy types. Learn more about us in *Book of the Avatar: Cosmic History Chronicles, Volume 2.*

REMEMBER:

1. Earth is a timespace hologram where different evolutionary life programs play out.
2. The sun is a star and a cosmic entity that informs all of life and consciousness on our planet as well as throughout the solar system.
3. The planetary orbits represent different frequency patterns that create different circuits of interplanetary solar consciousness.
4. Because earth has been locked into a machine time frequency (12:60) dominated by space, the correct understanding of TIME is the key to reorienting the Earth civilization.

STARLING'S MAGICAL RECOLLECTION

“ I AM EVERYTHING
THAT HAS NOT YET
BEEN EXPRESSED.

Starling Questward is a most unusual phenomenon. Skilled at the art of traveling to any dimension at will, Starling has mastered the art of shapeshifting, telepathy and bilocation. Here we get an insight into Starlings transition from third-dimensional density into a multidimensional radial Time being. Here are a few of her self-recollections.

In the white forest I softly dared to dream and was lifted above stars, penetrating dimensions beyond oxygen and simultaneously lived the inner life of the earth. I felt the internal heat, the electromagnetic tension, the emanation of light at my poles, and the irregularly recurring phenomenon of motion.

At first I wanted them all to come and I tried not to notice their allegiance to invisible ropes that bind them to repetitive mind maps. So I was called to go Alone with my guide in order to become myself. I learned to appreciate it all—Oh! There is such startling beauty in the shifting channels.

I am Starling Questward: the One who bursts forth from the interior of all souls.

I am Starling Questward: Revealer of the new crystalline pathways—Revitalizer of all code streams.

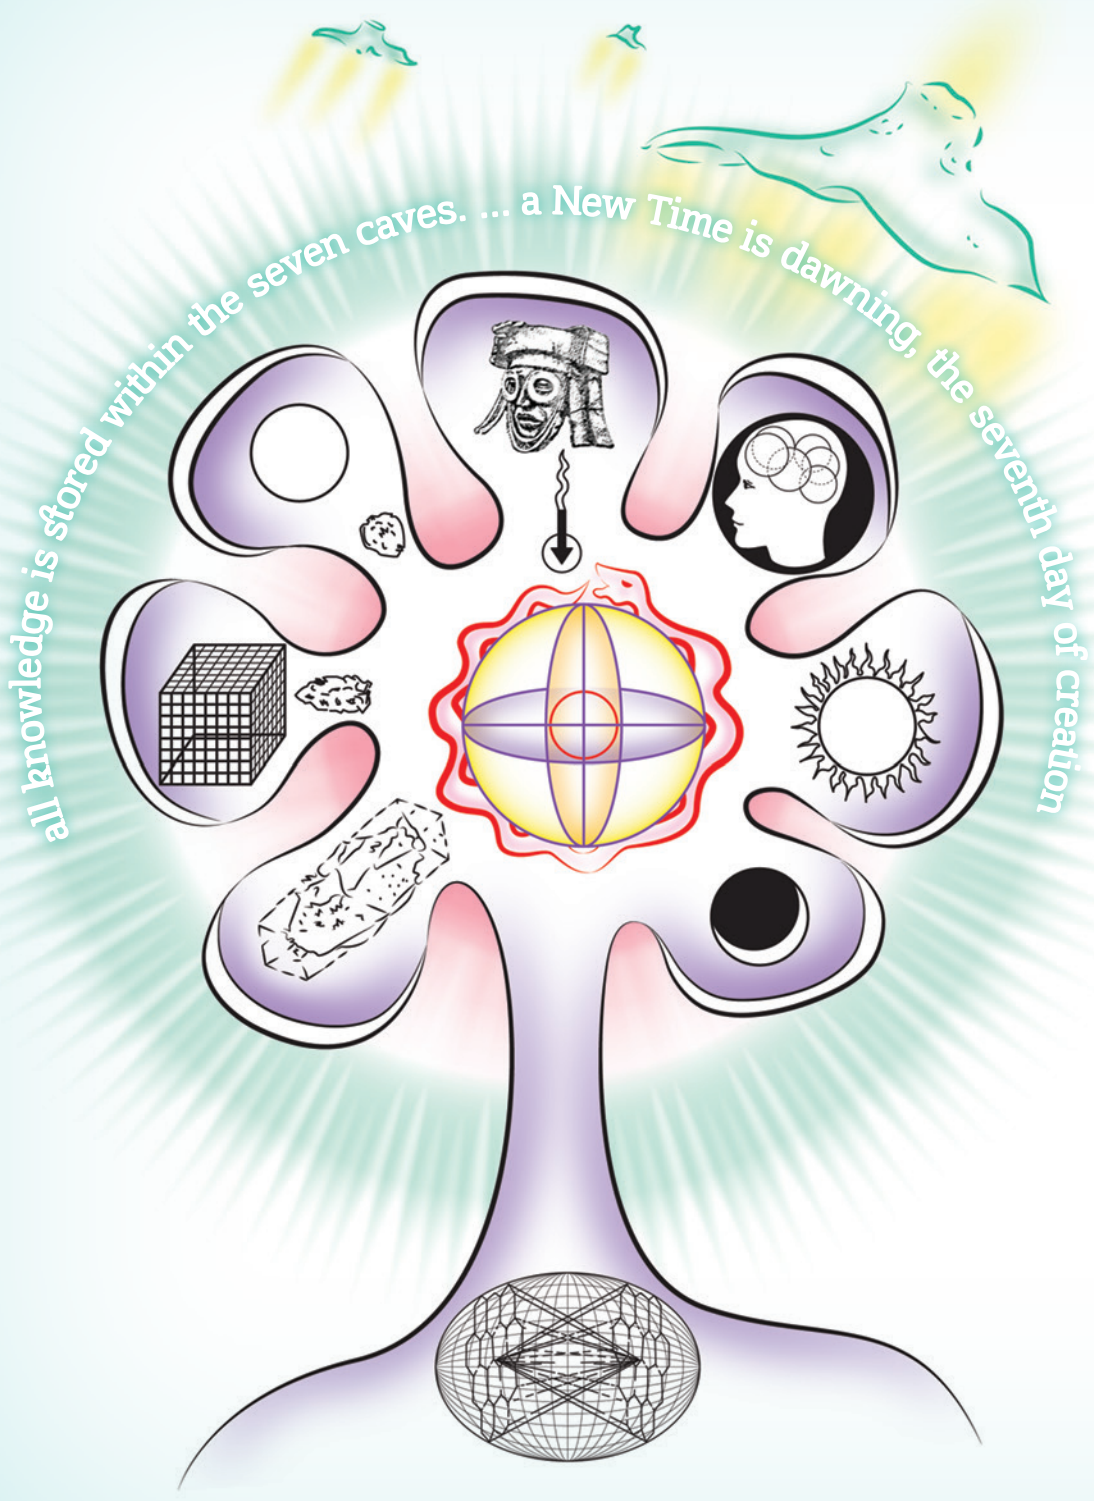

I am Starling Questward: Activator of Electric veins that pulse violet blood to the center of the earth and exploding into other galaxies and star systems.

I am Starling Questward: A shooting meteorite, free falling to the interplanetary rhythm of a new divine flow.

I am Starling Questward: the Unwritten Future of all Eternity; Origin of Originless Imagination.

I am Starling Questward: the All-embracing Potential of the All Beyond the All and echoed ad infinitum into the changing stars.

I am Starling Questward: I have emanated into many to magnetize back to One—Unlock my secret gate to reveal the Triple Sun.

Seven Caves explained by Orel Ka

During the course of creating this illusory script, a *polysynchronic* being made itself known. (Polysynchronic beings thrive on multiple synchronizations in time).

Refusing to be labeled as a "he" or a "she" Orel Ka (OK) revealed itself, noting the strain to communicate on a planet as dense as Earth. OK was determined to let earthlings of the past know what occurs when the Seven Caves of Time are entered. Here is what OK said:

I spoke in SEVEN steps and never went back to the land of empty channels.

To the land of bones and blood.

Forward I thrust onto the golden path, willed by imaginal fuel laid out in a holographic cross weave of step-by-step instructions (and never before).

Finally, I could accept nothing less than the Illumined path. At this point SEVEN voices spoke in unison telling me to "Relax and Future Up." I tipped my glass and laughed and decided to make it easy. That's when everything opened and I loved it all ... The whole SEVEN of it and the WE universe unfolding & you know ...

In a poised awe, I healed the world through the LIGHT OF IMAGINATION and said: Why not?
—OK

GALACTIC TEXT MESSAGES POETRY BEYOND HAIKU

The precise mathematical measure of these poems is live-streamed to receptive earthlings in need of harmonic balance in relation to material plane. Four syllables, seven syllables: seven syllables, thirteen syllables.

4 : 7 : : 7 : 1 3

*Christmas on Mars?
Maldek, Venus, Jupiter?
Future Time glances backwards
Planet Earth last stop—holographic time tunnel*

*Television
Nine hundred channels to watch
Infomercial marketing
The evening news sung inside a refrigerator*

*Another Time
The people that disappeared
Now we live where they once were
In the book it is written, be thankful you prevail.*

*Trees are my friends
The wind makes them speak leaf words
I listen, inside I know
The language of trees and plants brings me closer to home.*

*Like the lizard
Steady, balanced and certain
I call upon that in me.
Unblinkingly I advance, though still I will remain.*

Greetings Dear Ones, I am

E-PA

Evolutionary Particle Activator

I am here to assist in the synthesis of galactic frequencies into both the individual and collective biopsychoelectrical circuitry. Should you need any of my services, merely tap your cosmic ascension channel on the back left of your head and recite my name three times: E-PA, E-PA, E-PA. I am at your service.

E-PA's Services:

- Find out your index of potency.
- Discover the underlying, primordial structures that appear as your formative world.
- Liberate luminous electrical charges from your 7 generators.
- Discover how your energy system is participating in the most fundamental base parton experiment that has existed from beginningless time.

Have a question that you would like E-PA to answer? Formulate your question and then send it through your ninth-dimensional inner core channel and it is sure to reach her.

Ask E-PA

Dear E-PA,

Is our planet is about to explode? I am having nightmares about this. Is there really such a thing as a depopulation plan? I see chemtrails in the sky. Much of our food is artificial. Is this real or all a conspiracy. What do we do?

Sincerely,

Fear in L.A./Monkey holon zone

E-PA: You have raised some very valid questions. First you must remember that there is Nothing to Be Afraid of. I mean nothing! And second the word "conspiracy" often has false connotation, it means "to breathe together." We understand the confusion on your planet. The surface of your earth is where fragmented dwellers recapitulate unconscious disaster scripts. We, the Unseen Ones are ever here to assist should you call on us sincerely. We know that it sounds illogical to those trapped on the material plane but we must tell you: Remembrance is Magic. All can be transformed in an instant when collective memory is awakened. Until then we will be pulsing memory beams to you through the Time codes.

Dear E-PA,

Is amnesia a crime? I am trying to re-member why I have incarnated on planet earth. But every time I have a flicker of remembrance, some distractions comes up. I am inundated with texts and emails! I feel like I can never keep up and it just keeps going faster. I know many others have this problem also. Do you have any advice?

Frustrated in Dubai/Dragon holon zone

E-PA: Dear Frustrated. Thank you for your question. We are aware of the grip of the artificial matrix on humanity. We witness with compassion the sleepwalkers texting their non-reflective thoughts to others also enslaved in the matrix, while falsely believing that they have "freedom of speech". On our X-ray screen human thought appears digitally colored and mechanically processed. The way of remembrance comes from tapping into the preconscious state of profound samadhi. Instructions have been given to your planet in various ways. You might do well to peruse Synchronogalactic Yoga. Good luck!

GM108X SYSTEM ORIGINATED IN TWIN GALAXY

A TWIN SOUL TALE: ALPHA & OMEGA [ALPHA-MASCULINE/OMEGA-FEMININE]

OMEGA: My life became beautiful and I want you to know about it. With great Mystery I merged with my other half.

When ALPHA and I united, the codes collided in a multiradial starburst! Something tender happened and my heart bloomed gentle and sweet. The sweetness expanded until I merged with all things. Backwards and forwards, we rode the kaleidoscope of dreams, the radial ferris wheel above the stars, so romantic! Wrapped in our astral blanket, together we peered as one into undreamed timespaces.

ALPHA: When OMEGA and I united the numbers aligned and rearranged the stars and all the Universes smiled upon us. We mixed mind palettes in a bath of unusual permutations and made love in each color of the rainbow. Regenerated by our own tongues we spoke only what was glorious ... resonating as One in the Place where all goodness blossoms.

ALPHA & OMEGA IN UNISON: Always have we been. Always shall we be. Look inside yourself and find: Balance is the Key.
